Project Description

The new Schuster & Schreiber Plastic Surgery Center is located in Baltimore County on the west side of Lutherville in a community known as Brooklandville. This state-of-the-art 2,800 square foot plastic surgery center contains an operating / procedure room with an adjacent sterilization area. The new plastic surgery center specializes in various surgical enhancements for face and body, as well as non-surgical enhancements.

Some of the facial enhancements performed are face (full, mid and composite), neck and brow lifts; eye, ear and chin surgeries; Rhinoplasty, Blepharoplasty and Otoplasty. The body enhancements include: Body lifts and Tummy Tucks, Liposuction; Breast Augmentation, lifts and reductions; as well as Male Breast Reduction (Gynecomastia).
